

A night-time photograph of the Dubai skyline, featuring several prominent skyscrapers. The Burj Khalifa is the tallest building, illuminated with blue lights. Other buildings are lit up with various colors, including yellow and white. The sky is dark with some clouds. The water in the foreground reflects the city lights.

892bn	3.37M	18.91K
Total Sales	Avg Sale Price	Avg Price Per Sqm
YoY ▲ 20.3%	YoY ▲ 1.7%	YoY ▲ 6.6%

Top 5 Communities by Sales Volume

Amenity Impact

	No	Yes
Sale Price	3,548,131	3,216,487
Price Per Sqm	17,993	19,658
Total Transactions	119,105	146,039

Mall Proximity
Metro Access

Properties with better amenity access command a higher price per square meter and experience greater transaction activity, indicating stronger demand for accessible locations.

However, properties without direct mall or metro access show higher average sale prices, due to larger villas and premium residential communities.

Community Value & Liquidity
